Re-application for the assistance of the School Uniform.

Dear sir / Madam

By goodness of writing this letter is to apply for an assistance of the School Uniform. It will be my great pleasure to be given this opportunity as I am the learner who is an asset in her studies, extramural activities mainly music and the leader in my class. Further more I am not having the assistance of my both parents because my mother passed away while my father is not working and not staying with me because our home was sold because of my father's ignorance in paying his debt. Presently I am with a friend of my mother where I am not sure about my future under her assistance whether will continue or not

I wish my application will be received by the heart of mercy

Yours in education

Dear Sir / Madam

I am Zine Nduna and a girl of about 16 years old
I stay at No 1730, Rd 37, Phillip Park in Phillip East area.
I was born in South Africa on the 11 November 1991. Although
I started school late but I like education and I want to make
a point that I am something out of nothing. I am from a
family of seven and I am the last born. Both parents were
uneducated. My father who was the only bread-winner died in
2005 and we were raised by a single parent. My mother is unemployed
and we depend on the salary of my eldest brother who is
trying to help my mother. My brother now is the one who is
taking responsibility of caring for the family. Currently I am
attending school at Zanemfundo Primary School and doing grade 6.
I am proud of being myself no matter what happens. Therefore
I am appealing to Ark to take consideration of my request for
a uniform. If you do help me I will never forget your kindness.

Yours faithfully Zine Nduna
