Weltevreden Valley
 Core primary school

My name is Thandekazi Mgoduka. I am 10 years old. I live in Corroos. The name of my school is Weltevreden Valley core primary school.

I am in grade 4. My class teacher is Ms. Mbaka.

I would like ask to assist me with my school uniform.

At home we are the family of 2.

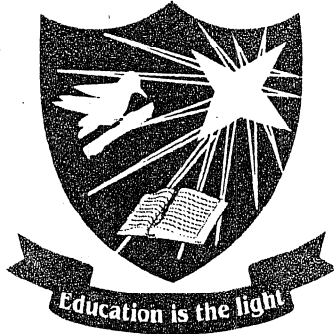

My mother is not working.

I do not get a child support grant. My mother is very sick sometimes. My mother told me that my father is in Johannesburg. I never see him. I think if my father was around things would be better. He does not support me. Sometimes feel sad now that I am different to other kids because of what I always wear at school. Other kids don't understand my problem the only thing they do is to laugh tease at me. If you can assist me with the uniform I would live a normal life a child suppose to enjoy during his/her school days. Even if I go to school I'm in full uniform. I hope that my story will get a place in your hearts. Again my mother is very sick. Enkosi Kabhulu.

Adm Thandekazi.

RE:- MOTIVATION FOR SIMTHANDILE MAZWEMBE.

This letter serves to motivate that the above mentioned learner is doing grb in my class at the above mentioned school.

She is a very motivated learner who is ambitious about her future. She is having serious problem and the worse part is ^{that she is} not living with her mother.

The problems she had could lead her being a dropping out because she doesn't have the school uniform and other school needs.

Simthandile is eager to learner and would appreciate any kind of help that could come across her. She loves her school work very much and is always present at school.

I would appreciate if you consider her matter as a priority. As I have attached a copy of her own letter

Yours

M Faithfully
