FROM THE FOUNDERS

Dear Friends and Partners,

Thank you for **believing in our work!** Thank you for **believing in the people of rural Africa!** Thank you for **supporting 30 years of holistic development** in a region that most people simply ignore. Thank you for caring so deeply.

***You* are the reason Child Legacy has continued operating and growing since 1987.** We cannot find the words to express how grateful and humbled we are to do this work that is only possible because of your passion, prayers, and generosity.

We've been reflecting on Child Legacy's journey, and we could fill a library with all the hardships we've overcome and the many accomplishments we've achieved through God's Grace and **your** faithful partnership.

Thirty years ago, our vision was to replace the traditional aid/NGO model of dependency with a *holistic* model of empowerment and self-sufficiency for our brothers and sisters in Africa. And because you joined us, we are able to celebrate Child Legacy's enormous impact in rural Zimbabwe and Malawi today!

- Over 500,000 rural patients treated
- Over 6,000 Vocational Training Center graduates earning above-average wages in their careers
- Over 78 orphans given a *lifelong* home — loved, protected, and nurtured until they find their success in adulthood via a fulfilling and stable career
- Over 300 acres producing organic food that is kept to the highest environmentally sustainable standard
- Established the first Community Hospital and Operating Theaters in the continent's region powered by 100% renewable energy
- Provided clean water to over 5.5 million people throughout rural Malawi
- CLI Zimbabwe is nearly autonomous today, thanks to the Country Director Maria Chikwiro — a 1995 graduate of CLI's Vocational Training Center
- Over 80,000 salvations through church planting, well repair Gospels, and patient counseling

I hope you can sense the impact you've made across the globe in the lives of so many people. We experience their gratitude daily on your behalf, an honor we do not take lightly.

***You* have saved lives, changed stories, and turned profound despair into legacies of destiny.** Just imagine what we can do together in the next thirty years! May God Bless You today and always.

With Sincere Gratitude,

Jeff + Karen Rogers
